Taste: Lot 300 is fruit driven with an old world soul. Black fruit, forest floor and earthy minerals kissed with tremendous oak. Aromas of espresso and toasted nuts create the framework for a pure core of red and black fruit. The tannins are finely etched, with a broad and sweeping finish. The texture of this wine is voluptuous, penetrating — dazzling!

Cameron Confidential: The blend of grapes for Lot 300 comes from Oakville and Rutherford, with splashes of Stags Leap and Atlas Peak. These grapes represent blue chip vineyards and are the finest example of Napa Valley wines with power, weight, and elegance. The grapes in this wine reflect expensive, meticulous and extremely detailed winemaking. All the vineyard grapes in this wine, except for Stags Leap and Atlas Peak, come from westside vineyards and alluvial fans at the feet of the Mayacamas mountains and are the most prized sub-appellations in the Napa Valley. These are the vineyards that have made the careers of many, many rock star wineries! Compare to any Napa Valley Cabernet at $100 or more.
