Taste: Lot 281 is an upstart with riotous aromatics and soulful texture. Blueberry, licorice and lavender are carried with pure red fruit and silken tannins. Those soft tannins and the complex aromatics give the finish length with great sophistication.

Cameron Confidential: In the early 1970's, premium varieties such as Pinot Noir and Chardonnay were planted is this cool climate growing region, boasting one of the longest growing seasons in the state. These soils have a sandy loam, loam, clay loam, or shaly loam surface layer and a shaly clay subsoil. They are placed on dissected high terraces in widely scattered areas with elevations range from 200 to 1,500 feet. With their artisan winemakers and impeccable vineyard practices, this winery delivers excellent wine at great value.
